

## MCW INTERVENTIONAL FELLOWSHIP – PROGRAM DESCRIPTION

### **OVERVIEW and OBJECTIVES:**

The Interventional Cardiology Fellowship at Froedtert Hospital and the Medical College of Wisconsin is a one-year ACGME-approved program, organized under the directorship of Peter Mason, MD, MPH. The fellowship functions as an integral component of the subspecialty residency in cardiology and the categorical residency program in internal medicine. The primary objective of the Interventional Cardiology Fellowship is to provide comprehensive subspecialty training in invasive and interventional cardiology, and considerable experience in structural heart disease (SHD) and percutaneous SHD procedures. Fellows graduating from the MCW-FH program will be COCAT level III trained in
