

Please open the www.RacineCountyFamilyResources.com

It's allergy season. You
learn more
about allergies. Find so
materials on this topic.

What is the most important feature of this website?

Question specific to pathway utility: Did the referral pathway work as expected?

What concerns might you have about using the website referral pathway to connect students and families to services?

For folks in the greater community/ who might try to use the website on their own:

How did you learn about this website?

Would you refer a friend to this website?
